NOTICE:

All IPM industry Pesticide Technician Program (PTP) information related to the name of the employer, in-house examiner, supervising exterminators, trainees or technicians is subject to third party MOE auditing and monitoring as set out in the formalized PTP Memorandum of Understanding (PTP-MOU) framework protocols.

Your application for accreditation is subject to PIRC direct approval and or supported by a PIRC affiliated member association, i.e. OPPAA, OIPMA.

You will be registered on the PIRC examiner and IPM agent database 'FREE' if you are confirmed as an OIPMA employer member in good standing annually with all dues paid.

Upon receipt of your PTP and IPM Code of Ethics you will be mailed your 'FREE' PTP On-Hand eligible Technician Packages, and Legislative Updating and IPM Technology orientation and study materials in support of this IPM program.

Related costs are underwritten by OIPMA and PIRC affiliated individual members.

We are committed to assist and retain a vibrant small business IPM industry to the benefit of all Ontarians.

The company and its designated approved PTP examiner and IPM agent agrees that all PTP and IPM services shall be restricted for company in-house use to train, update, and record the training of all parties operating from the recorded physical location pre-printed on the Technician ID Card.

The accredited IPM company and its PTP Examiner and IPM agent covenant and agree to be subject to PIRC and IPM-EHC Council monitoring, auditing, examination and continuing education credit (CEC) process, fulfill their annual reporting obligations, and promote the IPM-EHC Code of Practice.

The IPM Accreditation program will enhance industry professional standards, and promote pesticide safety for the environment and human health.
